

Educational Adventures encourages parents to watch the Danger Rangers with their children so the whole family can learn the Danger Rangers' "Safety Rules!"

Here's a few questions you can review with your family after watching "Water Works" to make sure they are Danger Ranger Ready!

1. What should you always wear when swimming in a lake, river, or ocean?
2. What should you do before diving into any body of water?
3. It is important to stay in sight of the adult in charge. True or False
4. "ENTER AT YOUR OWN RISK" – What does this mean?
5. Is it okay to swim if you are feeling too hot, tired, thirsty, or hungry?
